

# Corporate Dental Program

A group of four smiling business professionals in an office setting. A man in the foreground is holding a laptop. The background is a bright, out-of-focus office environment.

## Healthy smile, healthy employees

Research suggests that the health of your mouth mirrors the condition of your body. When your mouth is healthy, chances are your overall health is good, too. On the other hand, if you have poor oral health, you may have other health problems.

Dental Care Professionals (DCP) is committed to providing a personalised and gentle professional dental care experience towards maintaining a healthy smile for life.

Providing personalised and gentle dental care to all our patients.

We treat each patient with respect and honesty, going above and beyond to deliver premium care.

Designed with the latest technology and equipment in a relaxing and tranquil environment

The practice uses state of the art technology and equipment and evidence based treatment options including – CEREC CAD CAM, Digital Intraoral X-rays, digital 3D Cone Beam and OPG radiography services, microscope etc.

Dental services for busy Adelaide lifestyles

Two convenient locations in Adelaide and Brighton, offering more choice, availability and personally tailored options.

Continuity of Care

You can see the same dentist that you know and trust.

Helping to keep your healthy smile for a lifetime

We genuinely listen to our patients and actively involve them in treatment planning and decision making about their oral health future.

Owned and operated by independent dentists.

Patients health is our highest priority. We take the time to give you the right care that you deserve, independent of any restrictions that affect patient care or choice of treatment.

Healthy employees are likely to be 3 times more productive than their unhealthy colleagues.
